Leah:

I'll defer to Donn and Beverly with regard to their preferred agenda items for next week involving the RPs. Recognizing that you have a deadline, with their concurrence, I'll be prepared to provide an update on the SJRWP site field research project now under way. In addition, I would propose discussion of a website link for the public to use to navigate easily to get EPA information on the SJRWP project. I can report on my findings on this plus it might be helpful to get the Committee's suggestions and input on intuitive names for a possible website link to be developed.

Best regards,

K.
